Hi Lloyd,

We'll look forward to meeting with you and Amy in our conference room 51109 in the Ronald Reagan Building at 9:30 am this Wednesday 12/5/12.

From EPA, I expect that we will include from our ORD team Jill Dean, Susan Burden and possibly Nathan Wiser by videoconference.

To find us, enter the Ronald Reagan Building at the main entrance on the plaza (directly across the plaza from the Ariel Rios entrance you used at our last meeting). Go through security, turn right, pass one set of elevators on your right. There will be another security station at a second set of elevators on your right. Sign in and the guards will call me to escort you in.

Thanks,

Jeanne

---

Jeanne,

I appreciate the opportunity and look forward to our discussion regarding the hydraulic fracturing study. I will make myself available on Wednesday at 9:30 am. Please inform me of your preference regarding a meeting location. I have a meeting Wednesday morning with Amy Farrell (ANGA) and, if there are no objections, I will extend an invitation for her to join us.

I appreciate your time.

Thanks, Lloyd

Hi Lloyd,

Thanks for your note. We very much appreciated your participation at the roundtable meetings, and would like to take you up on your offer to learn more about Newfield's activities, water metrics and other related topics.

Ramona is on travel all next week, but key team members and I are available on December 5 at 9 or 9:30 am. Would that work for you?

Best,

Jeanne

---

Hi Ramona and Jeanne –

It was nice meeting with you at the Technical Roundtables. I handle a range of operational issues for Newfield and would like to meet with you while I'm in town next week. In addition to providing you with some information on Newfield and our activities, I would like to share some additional thoughts on the challenges and opportunities we see, particularly surrounding water metrics and other data issues your team raised during the roundtable discussion.

Based on my current travel and meeting schedule in DC, I have open time Wednesday morning December 5<sup>th</sup>. Please let me know if you would be willing and able to meet. I look forward to seeing you again.

Thanks,  
Lloyd
